DANGER IS PAST

The British and Russians Withdraw From the Disputed Territory.

DANGER OF A FRACAS OVER

A Pekin Cable Says Chinese Court Refused to Sanction Manchurian Treaty With Russia.

THE CHINESE ATMOSPHERE CLEARER

Pekin, March 22.—The "atmosphere" has cleared up considerably in the past few days at Tien Tsin and all danger of a fracas between Russia and England seems to be over. Both governments have withdrawn from the disputed territory, and will submit the question to future settlement.

Tien Tsin, March 22.—This morning the Russian working parties stopped work on the river side road when they had reached a point within twenty feet of the British position. They subsequently resumed the construction of the road at a point four miles further on. The danger of actual conflict has thus been obliterated for the present.

CHINESE COURT REFUSES TO SANCTION TREATY WITH RUSSIA

London, March 22.—A cable from Peking brings the news that the Chinese court has refused to sanction the Manchurian treaty with Russia.

TRUST COMPANY.

THE PADUCAH BANKING CO. WILL ADD THAT FEATURE.

The Present Capital of the Institution Will Be Increased and Charter Changed to Permit of It.

Paducah is, in all probability, to have a new financial institution, a trust company. The movement has been on foot only a short time, but the organization is almost a sure thing. At a meeting this week of the directors and some of the stockholders of the Paducah Banking company it was unanimously decided to increase the capital stock of the concern and have the charter changed to permit of it and add trust feature to the business. The stockholders and all were much in favor of the change. The cashier, Mr. William Hughes, is in Mexico and won't return until the first part of next month. The plan will be suggested to him and it only awaits the decision of him and a few other stockholders to make the new concern a sure go. Paducah is a splendid opening for just such an institution as the one proposed, and there is no doubt that it will be a success from the start. The gentlemen having the matter in charge are the most prominent men in the city and will put the life in the enterprise essential to success. The capital stock of the new company has not been decided on, but will, in all probability, be \$150,000 or \$200,000.

STREET CAR MEN STRIKE.

Marshall, March 22.—The street car employees of the city are on a strike and in a riot today clashed with the police. In the scrimmage several policemen were shot.

Two thousand soldiers have left Paris to assist the authorities in the apprehension of the troubles incident upon the strike.

SUPT. HARRAHAN.

HE WENT WEST IN SEARCH OF BETTER HEALTH.

Supt. W. J. Harahan, of the Louisville division, has left Hot Springs, where he had been for the past several months, for the west with a hope of improving his health. He was in Memphis night before last on his way out.

Surgeon Marmaduke Dillon went down below Mayfield yesterday and disinfecting several boarding cars in which smallpox had broken out.

The Illinois Central is doing an immense business here. In January, this year, there were handled here 7,771 cars, and in February, 9,991. These are cars for both north and south.

Inspector of Floating Stock P. W. Hollingsworth returned this morning from Cairo.

The statement in a contemporary hot colored brakemen are to be dismissed with the Louisville division of the Illinois Central is denied by officials of the latter.

The pay car will return this evening from the Louisville division, and will pay off on the Memphis division tomorrow.

Night Ticket Agent Geo. Warfield is on the sick list and unable to work.

The mail box at the union depot is beginning to cause trouble. It is "robbed" by only the railway mail clerks, and as they find it letters for people residing in the city or residing in places reached only by boat, there is great delay sometimes in properly delivering and distributing the mail. People who mail letters at the depot should bear in mind that all letters dropped there are placed on trains, not taken up by mail carrier for the city or the packets.

Fulton thinks the Illinois Central railroad ought to build a hospital at Fulton. Since December 1 forty persons have been hurt in or near Fulton, seven being killed or died in a short time.

Engineer Joe Hornsheim, who was injured a week ago today in the wreck at Clay Switch, was taken to his home near Broadway and Seventh, yesterday afternoon and is improving rapidly.

CLERK STABBED.

CLOSE CALL OF CLERK HART KELLEY ON THE TENNESSEE.

John Payne, Colored, Cut Him Three Times—He Is Now in Jail at Tusculum.

Second Clerk Hart Kelley, of the Tennessee, which arrived from Tennessee river last night, had a close call from being murdered at Silverton, Ala., Tuesday. He had a difficulty with a negro named Payne, and the latter came out second best. Clerk Kelly had forgotten about the trouble when another negro stepped up behind him on the forward part of the boat, and exclaiming, "you—a of a b— you hit my brother," began stabbing at him. It was John Payne, who did not work on the boat. The clerk had nothing but a club, but he did such good work with it the negro was forced to retreat. He had succeeded, however, in stabbing the clerk three times in the left side, one wound almost penetrating the hollow. The negro was caught and committed to jail at Tusculum, Ala. Clerk Kelley's wounds were dressed, only one having to be sewed up, and he is again at his work, little the worse for an experience that might have cost him his life.

You're Not Safe

From burglars' intrusions, however careful you are, but occasionally leave openings for "grat" "sneak" entrance to your home and business place. A policy in the Ocean Guarantee Corporation insures you against loss by their intrusions and unlike any other, it covers your property whether vacant or occupied. Costs you nothing to know the details of the policy and but little to protect your residence for one year either occupied or vacant.

A BIG CROWD

At Frankfort Expecting a Verdict in the Powers Case Today—Not Decided.

FILIPINOS SURRENDERING

Young Student from Springfield, Tenn., Runs Amuck in New York City, Wounding Two Men.

MARSEILLE, FRANCE HAS A STRIKE

Frankfort, March 22.—A big crowd was in the city today to await the decision in the Powers' case which was expected today. The appellate court, however, adjourned until Tuesday without bringing in a decision.

Maria, March 22.—General Fulm and command surrendered to the Americans today. This ends the revolution in Panay province.

A VERY BAD STUDENT.

New York City, March 22.—Robert Molton, a young student from Springfield, Tenn., fired at Minnie Seligman, an actress, in a cafe, last night and wounded two men. When brought into court today he claimed he was a morphia fiend, and not responsible for his actions. He is a member of one of the most prominent families in Tennessee.

CITY CENSUS TAKER.

MANY APPLICANTS FOR THE SIX POSITIONS TO BE FILLED.

The council committee, of which Councilman Chas. Smith is chairman, will probably meet this afternoon or evening, or Monday at the latest, to elect six enumerators who are to take the census of Paducah, preparatory to applying for admission into cities of the second class.

Among the applicants for the places are: Messrs. John Hughes, Wm. Hill, R. I. Ovarstreet, J. M. Hart, Will Baker, J. Henry Smith, Bob Wilson and Hardy Little. One lady applied for a place, but was told that such work was not for women, owing to the character of many places that will have to be visited, hence she will probably withdraw her name. On the committee are Councilmen Elliott, Jackson and Wells.

PRESIDENT'S TRIP.

Washington, March 22.—The president will leave April 30 for a trip to San Francisco, and he is being overwhelmed with invitations to stop at southern and western cities en route. He will go probably direct to New Orleans, where he will be entertained, going thence to Galveston, Houston and El Paso, where President Diaz will meet President McKinley. At San Francisco the party will stop a week in connection with the events attending the launching of the battleship Ohio. On the return trip over a northern route the party will visit Yellowstone park, and thence probably take a run down to Denver. A sail by steamer down the great lakes, from Duluth to Buffalo also probably will be included in the trip.

Washington, March 22.—In view of the embarrassments surrounding the selection of a federal judge for Kentucky some prominent Kentuckians suggested Commissioner of Internal Revenue John W. Yerkes be appointed, but as soon as he heard of the movement Mr. Yerkes stopped it. Private Secretary Giovannioli will assume his duties in Commissioner Yerkes' office April 1.

COME EARLY.

EXAGGERATED BY BRITISH.

St. Petersburg, March 22.—A semi-official statement has just been issued to the effect that a communique incident at Tien Tsin has been terribly exaggerated by the British press, until it has almost assumed the gravity of a cane bell. According to the statement the trouble was due to British troops trying to forcibly possess disputed territory. The statement relates that the matter is manifestly a question for diplomatic treatment, and the Russian government has no doubt but that it will be amicably settled to the satisfaction of the governments at London and St. Petersburg.

FEDERAL COURT.

U. S. Commissioner Pryor will in a few days have ready the docket for federal court, which convenes April 1. About the most important suits are those of the estates of John T. Hythe and H. T. Teulell against the Illinois Central railroad company each for \$10,000. The attorneys for both plaintiffs are R. T. Tyler, Hendrick and Miller, and Herschel T. Smith. It is said that an offer of compromise to the Teulell estate by the railroad was refused.

SUDDENLY INSANE.

Deputy Sheriff Lampkin, of Clinton, passed through the city yesterday with Mrs. Jeff Lampkin, of near that place, en route to the Hopkinsville asylum. The young woman is unusually pretty, and became suddenly insane last Friday. She is so violent at times that she had to be handcuffed. She is the wife of Henry Lampkin, and has three children.

SANGUINELY WON OVER.

Havana, March 22.—An element of doubt now exists as to what will be the final outcome of the Cuban constitutional convention. The preponderance of public opinion in favor of the Platt amendment during the last few days is having its effect upon the radical members, and Gen. Sanginily's press utterances today further tend to weaken the strength of the radicals.

Gen. Sanginily was the most radical of all the delegates. He favored dissolving the convention when the United States congress adopted the amendment.

COUNTY COURT.

Mrs. S. E. Robinson today qualified as administratrix of the estate of the late Jas. R. Robinson.

Mrs. Nannie E. Cochran today decided to Mrs. Nancy Baker, for \$1,200 cash, property at Fourth and Clark.

Power of attorney is given County Clerk Chas. E. Graham by A. S. Albo & Co., of Cincinnati, to release a mortgage.

Settlement was made in the county court yesterday by Sallie D. Foster, guardian for Jewell and Ora Foster.

SUITS FILED TODAY.

E. C. Terrell today filed a suit against W. F. Pomeroy, for street improvement between Court and Jackson, and L. T. Wilson, for street improvement on North Eighth.

L. K. Taylor's appeal suit against Public Administrator F. G. Hindolph, to have the latter removed as administrator of the Carper estate, was filed today.

A DAILY THOUGHT.

Each one of us is bound to make the little circle in which he lives better and happier.

—Dean Stanley.

Andy is surely handy when a town or city needs a library.

Editor Rosewater is finding it a hard job to lead that Nebraska senatorship.

The baseball season will soon be on the full blast and the cranks will be in their element.

The Dispatch, after an eventful life of only a few years, has given up the ghost. It however, lasted longer than the prophets gave it.

Louisiana players, after much experimenting, have found that tan can be grown in that state. The results are very satisfactory.

Louisville thus far has not accepted Carnegie's offer of \$125,000 for a library. The trouble is the old town is greedy and wants twice the sum.

Count Densky's story was shot at in the Moscow press. If the bullet had carried away the latter part of that name he would have a decent one left.

The Sun's Sunday edition will be a "bummer." It will contain a host of splendid features well gotten up and will be just what the people want for Sunday.

The Americans are again worrying the German manufacturers. This time they captured Calcutta contracts for iron and locomotives. You can't down the Yankees.

Japan is eager to fight Russia but can't get the necessary with which to purchase powder. If the face article will do the Mikado should call on the girls to help him out.

All those in favor of Watterson's nomination of Tom L. Johnson for the office of the Democratic party, will please stand on their heads and howl.

Commercial Appeal.

When Carnegie landed in England yesterday the pier was crowded with deputations from towns wanting a chance at his purse. Keep some more for America, Andy. Paducah wants some.

DuPont, of the Commercial, threatens to put \$100,000 in that sheet and place Ex-Governor Bradley in the editor's chair. What are we to do with our "Es's"? Make editors of them, to be sure.

The London newspapers are very much in the "dumps" over the situation in China and the refusal of Britain to accept peace terms. Poor England! Some one should come to her aid and that quickly.

Our friend Logan on the Times is a veritable socialist. He sees good in nothing. Brace up, Emmet. Take something for it. "Dicky" Knott shouldn't worry you that much, although we admit he is leading you fellows a merry chase.

Over 500 preachers have applied for the twenty-three vacant chaplaincies in the army. The position carries the rank of captain with a salary of \$1,500. Is there any wonder that the average country preacher is breaking his neck to freeze on to one of the jobs?

Speaking of the New York notorious newspapers, the Commercial Appeal says: Yellow journalism is successful from a financial standpoint. "The profits for the Herald last year amounted to nearly \$750,000, or about \$2,000 per day. Mr. Pulitzer's net profits for the same time were \$500,000, his income having fallen off since the World dropped from two cents to one. The Journal, it is generally understood, came out even, although Mr. Hearst might have made money had he not continued to invest more in pushing his circulation. This young newspaper magnate seems determined to have his papers bought up every town in the United States, and his ambition to that end knows no limit. Thus far his results are unprecedented. The Evening Journal has a circulation in Boston alone of \$9,000. The papers of Greater New York are doing well."

TO BE CHANGED.

Louisa, March 22.—In the house of lords today Lord Salisbury's motion to appoint a joint committee to revise the king's anti-Roman Catholic accession oath was adopted.

In the house of commons today Mr. Balfour, the government leader, replying to a question on the subject, said a special ambassador had not been sent to the Pope, but that the death of Queen Victoria and the accession of King Edward would be notified to the Pope in a letter.

aimed being 31,787 tons. To furnish this, a village of 2,000 souls is employed year in and year out, and every day ten acres of spruce trees are swept off to make paper. In the World building 1,500 men are employed, at salaries ranging from \$4 a week to \$15,000 a year. In twelve months \$1,000,000 of money pass through the hands of the cashier. The question of paper promises to be an important one in the future. The supply of spruce is limited, and unless something is discovered that can be converted into paper there will be a paper famine ere long.

Paducah is forging ahead so rapidly commercially that there is danger our citizens will forget there are many things that go to improve a city besides business prosperity. Paducah is a beautiful city; nature has been very liberal in her favors. But there is much yet that can be done which will add to the good appearance and beauty of the city. One of the elements that add so greatly to the beauty of many cities is that of doing away with division fences in the residence portion of the city. The absence of fences gives the impression of liberality, expansion and freedom. The streets appear to be wider, the lawns larger and the whole effect is so pleasing and inspiring that it cannot be imagined, but must be seen to be appreciated. Our city council should pass a rigid law prohibiting stock from running on the streets at large and the property owners in every way encouraged in the work of beautifying their lawns. It costs less to keep up a lawn without a fence than with one and altogether the custom is one of the cheapest and most effective methods known of adding to the beauty of streets and lawns.

Among the other American institutions to be carried into the Philippines the introduction of the principle of Democratic simplicity promises to be attended by considerable difficulties. From the reports of recent troubles of the nation of Spain it would appear that he has been wrestling with this problem as it presents itself in the question of payment. The American military officer who is stationed in the interesting little municipality of Jolo writes home that the Sultan lately appeared at an official reception attended by a Prince Albert coat embroidered in black silk and a diamond ring with a sunburst of diamonds, white-timers and a brilliant diamond ring worn over his white glove. Later in the day our soldier exchanged the white trousers for a pair made of red calico. It is reasonable to suppose that the Sultan, in adopting this dress, has been inspired largely by an earnest effort after a compromise between his late imperial role and the proper costume for an American gentleman in politics. The difficulty in his present predicament may be seen when it is considered that the aboriginal Sultan idea of simplicity in dress, as manifested among the Sultan's subjects, is entirely too radical.

PITTSBURG DISABLED.

STEAMER STOVE A HOLE IN HER SIDE AT THE FALLS.

The City of Pittsburgh, en route from Cincinnati to Memphis, met with a serious accident at Louisville yesterday and had a narrow escape from disaster. In going over the falls her bow struck the left pier going through the Indiana chute and a hole was torn in her side. She had struck the pier full tilt and she would have gone to pieces. She had forty passengers aboard, a crew of twenty and a heavy cargo. Captain Dan Varble, the falls pilot, was at the wheel and Captain J. M. Phillips was in command of the boat.

The accident was caused by the wind, which threw her out of her course. After striking the pier she swung clear around.

The damage to the bow extended below the water line, and she was leaking, but the crew were masters of the situation. Repairs required only a few hours.

Only recently the City of Pittsburgh narrowly escaped destruction by fire at Cincinnati, part of her upper works being burned. This was her first trip since that accident.

TO BE CHANGED.

Louisa, March 22.—In the house of lords today Lord Salisbury's motion to appoint a joint committee to revise the king's anti-Roman Catholic accession oath was adopted.

In the house of commons today Mr. Balfour, the government leader, replying to a question on the subject, said a special ambassador had not been sent to the Pope, but that the death of Queen Victoria and the accession of King Edward would be notified to the Pope in a letter.

CANTRILL A FACTOR.

HE WILL DIVIDE MCCREARY'S STRENGTH.

Louisville, March 22.—Politicians from over the state who were seen at the local hotels during the last few days concurred in the belief that as Gov. James H. McCreary no longer had the best chance of being elected United States senator next year in the event that the "regular" Democrats controlled the general assembly that it is to be chosen this fall.

There are now unmistakable signs that the organization, instead of standing solidly by McCreary, will divide its strength. In fact, a considerable number of the machine leaders, including those who are directly under the domination of Arthur Goebel, of Ohio, are openly advocating the candidacy of Circuit Judge James E. Cantrell, of Georgetown.

Here in Louisville the city papers are absorbing the attention of the Goebellian Democrats, but the majority of the petty local bosses favor McCreary. Cantrell has only a few lackers of influence in the city, but he is much stronger in the country than either his friends or his enemies expected him to be at the outset.

BEST RECORD IN KENTUCKY.

Sheriff Henry Bell, of Jefferson county, made the best record of any sheriff in Kentucky for tax collecting in 1900. He and his deputy collected \$9.5 per cent of all the taxes due, the total amount on the books being \$600,000.

Mr. J. W. Patterson, night police at Nashville, la., says: "On January 1 I had a very bad cold on my lungs, and used half dozen different cough medicines and prescriptions from two doctors, but grew worse all the time. I finally bought a bottle of FOLEY'S HONEY AND TAR and after using two thirds of it, I was entirely cured." J. C. Gilbert.

LAWSON GENEROUS.

Boston, Mass., March 22.—Theresa W. Lawson sent to two Boston charities one-half each of the deposit of \$10,000 which he put up to bind a race between his horse, Beralina, and The Abbot. The race having fallen through Lawson decided his first deposit of \$10,000 should go for a worthy cause.

Robert H. Watts, of Salem, Mo., writes: "I have been troubled with kidney disease for the last five years and have doctored with all the leading physicians and have tried all remedies suggested without any relief. Finally I tried FOLEY'S KIDNEY CURE and less than two bottles completely cured me and I am sound and well." J. C. Gilbert.

NEW MACHINE.

Lexington, Ky., March 22.—A machine for the breaking of hemp which will revolutionize the industry will be tried here March 27. It is thought that by its use the cost of handling can be so reduced that the fibre can compete with the cheaper fibres of India and the Philippines. With it hemp can be broken without the long and expensive process of retting.

QUICK JOB.
THE "FAMOUS" PANTS FACTORY WILL BE COMPLETED TOMORROW.

One of the quickest jobs of work ever performed in Paducah is that of Contractor Katterjohn on the Famous Pants factory, at Eighth and Boyd.

It is brick, two stories high and 30x40 feet, and will be completed tomorrow, after only two weeks work.

Work on the Kentucky opera house is also progressing, with a large number of men at work, and the walls are climbing very noticeably. It is expected to get them up to the joists for galleries and balconies by tomorrow evening.

BEING REBUILT.

LINTON, TRIGG COUNTY, IS RAPIDLY BEING RESTORED.

The little town of Linton, Trigg county, which was almost completely wiped out by fire recently, is being rapidly rebuilt, 50 or more workmen being employed.

A large factory is being rebuilt on the river bank by S. I. Spiceland, and J. B. Bartee, Mart McIntosh and Ben Davis are rebuilding their stores.

PETITION IN BANKRUPTCY.

EDWARD D. PEEPLES, OF GRAVES, HAS ABOUT \$1,000 LIABILITIES.

Today in the United States court Edward D. Peoples, of Boaz, Graves county, filed a petition in voluntary bankruptcy, with liabilities amounting to about \$1,000.

BEST RECORD IN KENTUCKY.

Sheriff Henry Bell, of Jefferson county, made the best record of any sheriff in Kentucky for tax collecting in 1900. He and his deputy collected \$9.5 per cent of all the taxes due, the total amount on the books being \$600,000.

Mr. J. W. Patterson, night police at Nashville, la., says: "On January 1 I had a very bad cold on my lungs, and used half dozen different cough medicines and prescriptions from two doctors, but grew worse all the time. I finally bought a bottle of FOLEY'S HONEY AND TAR and after using two thirds of it, I was entirely cured." J. C. Gilbert.

LAWSON GENEROUS.

Boston, Mass., March 22.—Theresa W. Lawson sent to two Boston charities one-half each of the deposit of \$10,000 which he put up to bind a race between his horse, Beralina, and The Abbot. The race having fallen through Lawson decided his first deposit of \$10,000 should go for a worthy cause.

Robert H. Watts, of Salem, Mo., writes: "I have been troubled with kidney disease for the last five years and have doctored with all the leading physicians and have tried all remedies suggested without any relief. Finally I tried FOLEY'S KIDNEY CURE and less than two bottles completely cured me and I am sound and well." J. C. Gilbert.

NEW SCHOOL FOR HOPKINSVILLE.

Hopkinsville, Ky., March 22.—The board of trustees have accepted plans for a new public school building to be erected on Virginia street by September 1, of this year and to cost about \$15,000.

AFTER LA GRIPPE—WHAT?

Usually a racking cough and a general feeling of weakness. FOLEY'S HONEY AND TAR is guaranteed to cure the "grippe cough" and make you strong and well. Take no substitutes. J. C. Gilbert.

THE HEALTH HABIT
JUST AS EASY TO FORM AS ANY OTHER.

We do not deliberately form our habits but they are unconsciously acquired, and as we grow, and by the time we learn they are hurting us, we find them too strong to be easily broken.

Then, why not form a good habit, a habit which will counteract the many bad ones, in other words contract the unfashionable habit of being always well.

The best habit to get into is to have and keep a vigorous stomach; if you have healthy digestion you can drink your beloved coffee, smoke your favorite brand of tobacco, with little or no harm; the mischief begins when these things are forced upon the faithful stomach, without any assistance.

Form the habit of taking after meals some harmless but efficient digestive which will relieve the stomach of so much extra work.

Nature furnishes us with such digestive and when they are combined in such a pleasant preparation as Stuart's Dyspepsia Tablets, they give the overworked stomach just the necessary assistance to secure perfect digestion without any of the harmful effects of cathartics and similar drugs.

The habit of taking Stuart's Dyspepsia Tablets after meals is as necessary to the weak stomach as food itself, and indeed to get the benefit from food eaten, nothing better and certainly nothing safer can be used.

Many families consider Stuart's Tablets as essential in the house as knives and forks.

They consist entirely of natural digestive principles without the effect or characteristics of drugs; they have no cathartic action, but simply go to work on the food eaten and digest it. Take into account your bad habits and the expense they entail and then invest fifty cents in a box of Stuart's Dyspepsia Tablets and see if your digestion for the next month is not vastly improved.

Ask the clerk in any drug store the name of the most successful and popular stomach remedy and he will say Stuart's.

WOLCOTT TO ENTER CABINET.

Pueblo, March 22.—The Daily "Pueblo" says: It is definitely known that ex-Senator Edward O. Wolcott, of Colorado, will, in a few days, be appointed by the president to be secretary of the interior, to succeed Mr. Hitchcock. The news has been received by friends of Mr. Wolcott in this city, and it is expected that the announcement will be made in Washington tomorrow.

Engene J. Hall, the poet and publisher, says that one dose of FOLEY'S HONEY AND TAR restored his voice when hoarseness threatened to prevent his lecture at Central Music hall, Chicago. Nothing else as good. J. C. Gilbert.

CHILDREN.

We are but children with a work and play time.

A little hour for laughter and for tears.

A little clinging to the waning day-time.

A little wonder at the fleeting years.

We are but children, filling Time's great measure.

Breaking a toy to weep when it is done.

Out of morn's meadows do we reap of pleasure.

Little to bear hence 'at set of sun.

We are but children vain in our pursuing.

Building awhile beside the lar of pain—

O in life's dusk, forget Thou all misdoing.

And gather us into Thy heart again!

—Virginia Woolward Clond.

THE ELKS.

THE CARNIVAL COMMITTEE REPORTS PROGRESS—DATE TO BE FIXED.

A feature of the Elks May carnival will be the flower parade, and it will be the most elaborate thing of its kind ever seen in this part of the state.

These will also be a manufacturers' parade, a bicycle parade, Elks day, with procession of visiting lodges, members being expected from Louisville, Memphis, Cairo, Mayfield, Jackson and many other places.

An old-time fiddlers' contest is going to draw a large crowd of the old-timers, and band concerts every afternoon and evening will make Elks week one prolonged gala day.

Special rates will be offered on all railroads and steamboats, and thousands of people will be brought in from all directions.

The booth space is going rapidly. About 200,000 feet of lumber will be used in building the booths, and the prospects are that every merchantile and manufacturing house in the city will be represented. The lumber contract is to be let in a few days.

The evenings are to be made especially attractive. About 9,000 incandescent 10 candle power lights and 50 arc lights will be used to illuminate the carnival ground.

Architects are working on plans for a huge arch, which will be both elaborate and costly.

A force of hill posters and distributing agents start out next week to bill all the towns nearby and within a radius of 100 miles or more.

Secretary A. C. Atkins went to Owensboro last night on business connected with the carnival.

The Elks at Mayfield will celebrate their first anniversary March 27th, and the banquet will be at Hotel Southern. The lodge was instituted by Paducah lodge a year ago, and has since grown steadily, there being now nearly 100 members.

Last night two new members were added to Paducah lodge, Messrs E. C. Tull and Lee Livingston.
